No. 41 dated 4/7 December 1911

Sir,

I have the honor to state that the construction of a Reservoir on the River Cauvery close to Kannambadi having been sanctioned the work has been put in hand. Labour is being collected, the number now at site being about 1500.

II There are at work site a few shops for the sale of provisions to a small extent. A weekly market

P.T.O.

fair (shandy) is necessary for the convenience of the staff and work people engaged on the works and I request that arrangements may be kindly made to hold a weekly fair on Sundays in the topes near the Balmuri temple close to Belgola village, so that the staff and work people may have facilities for purchasing grains and other necessary articles.

III At present shandies are being held in the following places:-

(1) French Rocks ... Thursday
(2) Nugur ... Friday
(3) Seringapatam ... Saturday
(4) Sagar Kalle .... Monday
(5) Yelwal ... Tuesday.

These are all 8 to 9 miles from the work site. On Sundays no shandy is being held anywhere near the works and if the new shandy

be fixed to be held on Sundays
It will suit traders and others
frequenting the local Shandies
most conveniently. Sunday is
also being used as the day for
rest on the works. At Balumri
there is enough shade and
facility for water, it is also
easily accessible for the public
there being a good road to it
from the main public road.
It is not more than ½ miles
from the works.

N Such a Shandy at Balumri
will also be useful for Belagola
Hulikere, Hongahalli and other
villages on the right bank
and Kannambadi. Chikyerahalli
Sitapur and other villages
on the left bank of the river.

I have etc
